

Description of Handwritten Testimonies

When leaving camp, each student will be given a pen and paper with testimony prompts for them to answer. While on the drive home, students will have an opportunity to share what God has done in their lives during camp.

Once arriving home, the testimonies will be collected before escorting the students off of the bus.

Goal of Handwritten Testimonies

Provide students with an opportunity to get what they experienced out of their heads and onto paper.

Gather a sense of how camp impacted their lives.

How to Prepare Students for Handwritten Testimonies

Assist the bus captain. Help the bus captain with dispersing and collecting the papers and pens.

Assist the students. Help the students with any questions that arise, and encourage them to answer the prompts honestly and thoroughly.
